Storm Traps Thousands In High Sierras

San Francisco, Feb. 5 (AP)—Thousands of motorists and skiers were stranded as a blinding blizzard raged through the high Sierras last night.

Tons of snow were dumped on U. S. Highway 40, blocking the route to Nevada for the first time in many winters.

Winds at Donner Summit reached a velocity of 75 miles per hour, whipping the snow before them.

Captain George Peterkin of the highway patrol estimated at least "two to three thousand" skiers were stranded in the area.

Owners of mountain lodges and hotels said tourists and skiers were sleeping "on couches, floors, any place they can find."

A distance of about 30 miles of Highway 40, from Baxter's camp to Donner Grade, was closed for about five hours.

The state highway patrol said there will be no parking place on the summit throughout the entire weekend, putting a crimp in the plans of skiers.

More than a foot of snow fell in a six-hour period at the summit, which is above the 7200-foot level. The snow pack was already

Lost Plane With 5 Scientists Hunted

Cries For Help Heard In Densely Wooded Canyon

Inyokern, Calif., Feb. 5 (AP)—Thickening weather threatened today to hamper an aerial search for a plane missing for two days from the Navy weapons testing ground near here. It carried seven men, five of them civilian scientists.

More than 100 planes combed the Fresno-Bakersfield-Inyokern area, where it was believed the plane might have landed shortly after it left the Inyokern airport at 6:30 a. m. Thursday.

Fifteen minutes later it was reported at 10,000 feet over Walker's Pass, 50 miles from the field. There was no further word from the plane but one report told of a plane being heard in a snowstorm about the same time. Jim Jorgenson, a mine superintendent, also told of hearing cries for help from his cabin in the densely wooded Kern river Canyon, but he was unable to determine their direction.

Ten relief pilots were sent from Eleventh Naval District headquarters in San Diego last night, and ground parties and mobile equipment moved into the area from Isabella, a few miles south of Kernville, where the Army set up a communications unit.

Woman Dies in Fire At Jackson Home; Roomer Questioned

Jackson, Mich., Feb. 5 (AP)—Police today investigated the fire death of a 72-year-old woman who was burned last night in a blaze that destroyed part of her living room furniture.

Mrs. Belle Pan Court died of burns in Foote hospital.

Held without charge for investigation was Harry Fallow, 73, who told Detective Inspector John O'Connor he had been a roomer in Mrs. Van Court's home for 40 years and was with her at the time of the fire.

The officer said Fallon told him he and the woman had been drinking and smoking in the house.

Firemen found Mrs. Van Court on the floor, her clothing afire.

Weather

Reported by U. S. Weather Bureau

UPPER MICHIGAN: Mostly cloudy with occasional light snow tonight and Sunday. Warmer over the west portion. Warmer to 15 mph. Sunday occasional light snow and slightly warmer, wind southerly 15 to 20 mph. High 28, low 15.

Soviet Zone Of Germany In Bad Shape

By THOMAS A. REEDY

Berlin, Feb. 5 (AP)—The Soviet zone of Germany is in a bad way economically and probably will get worse, a British information service survey said today.

The West's counter blockade is pinching off what was left to Eastern Germans after the "vacuum cleaner" of Russian reparations got through.

This counter blockade has chopped more severely into Eastern Germany's coal, iron, steel, textile and machine tool industries than the Russians dare admit.

The Soviets' frequent calls for "more work" from the Germans simply results in more products of inferior quality, the survey found. Radio Leipzig, and the Deutschland Sender, both controlled by the Russians, admitted this in recent broadcasts.

In a resume of the blockade, the British said the Russians started to hamper traffic from the west as long ago as January, 1948. They stepped up the tempo so that their blockade was in full force by the time currency reform was instituted in the west. The full blockade was clamped on June 1.

The West started to hit back September 13, 1948 with counter blockade measures and in the ensuing four and one-half months have slowly strangled traffic of vital materials to the Soviet orbit.

Latest move was a ban on truck freight across Bizonia to Soviet Germany, announced last night, and effective on Sunday. Rail freight had been banned before.

87 inches deep. Temperature was 15 degrees and visibly described as "zero-zero."

Blue Canon, at a height of 5275 feet, reported 62 inches of snow on the ground and a heavy snowfall in progress.

East of the summit the storm howled at 55 miles per hour through Truckee and Highway 395 was closed three miles south of Reno on the Los Angeles route.

HAY LIFT CONTINUES

New snow and wind storms on the Pacific coast moved into the Plateau States today and threatened to curtail relief operations in parts of the western blizzard areas.

Generally, however, hay lift operations and the big job of clearing snow-clogged roads to ranches and Indian reservations continued.

The Fifth Army reported that since operations started in the Nebraska-South Dakota-Wyoming area a week ago rescue crews had reached 7,846 snowbound humans and more than 224,000 animals.

Overscast skies failed to halt the transport planes from flying their mercy errands in Arizona. Army, National Guard and civil air patrol planes carried food and medicine to the snowbound Navajo Indian reservation.

Williams Caught In Middle At Democratic Convention

Silver Lining Seen In Business Slump; Stock Market Sags

By JACK RUTLEDGE

Washington, Feb. 5 (AP)—Tumbling prices and a sharp rise in the number of jobless workers brought soothing official reassurances today that America's economic situation is not alarming.

There is even a silver lining in what, to some people, looked like a dark cloud on the economic horizon; the dollar will buy a little more than it did just a few months ago.

The New York Stock Market, the barometer that predicted the 1929 collapse, took its soundest beating in many months, with 61 stocks selling at the lowest price in more than a year.

The census bureau reported in Washington there were 2,000,000 more unemployed in January than in December.

Actually, the true drop was only 700,000. Officials said the other 1,300,000 reported as jobless really aren't part of the nation's normal working force—they were probably holiday employees, students, or others, who no longer seek jobs.

Washington Not Worried

But the 700,000 have joined enough others who are out of work and want work, to push America's current unemployment total to 2,650,000—600,000 more than in January, 1948.

Officials saw little to worry about, however.

Secretary of Labor Tobin said the present unemployment level "bears careful watching," but he added that "the situation is not alarming."

Dr. Edwin G. Nourse, chairman of the president's council of economic advisers, said neither the census figures nor skidding food prices alarmed him. He said, however, that "these months are very decisive months."

Secretary of Agriculture Brannan said the decline in food prices was only an adjustment and not the beginning of any drastic trend.

And the labor department, noting that the increase in jobless has now slackened appreciably, predicted that spring will bring a demand for more workers as construction, farming and other such activities show their seasonal increase.

Even the Stock Market picture wasn't completely bad: In the bond market some securities made feeble rallies toward the end of the day. Livestock prices stayed fairly level, and hogs even gained.

Badger disclosed also that a marine fighter squadron, which had been based at Tsingtao airfield, had been transferred to a carrier. Except for a handful of transport planes still based there, the navy has pulled out of Tsingtao.

CORONATION TONIGHT—Jeanne Groos, talented figure skater, will be crowned Escanaba's Winter Queen at ceremonies this evening at the 11th annual Ice Revue at the Upper Peninsula State Fair grounds. Jeanne, blonde, blue-eyed daughter of Dr. and Mrs. Harold J. Groos, attended St. Catherine's college at St. Paul and took special training in figure skating while there. At present she is at Pular Stadium in Sault Ste. Marie where she is a member of the Soo Figure Skating club. She has appeared as soloist in nine of Escanaba's Ice Revues. Jeanne will compete for the title of Queen of the North at the Newberry Winter Carnival February 17-19.

Greek Rebel Chief Ousted In Red Purge

By HELEN MAMAS

Athens, Feb. 5 (AP)—A major shakeup of Communist guerrilla leadership in the three-year civil war against the Greek government has taken place. An underground radio announcement said the guerrilla chief, Markos Vafades, has been relieved of his political leadership.

A spokesman for the Greek army general staff said the broadcast, late yesterday from the "free Greece" radio, supported my suspicions that Markos had been executed for failing to "conquer Greece."

Greek government circles said they consider the action against Markos a result of the conflict between the Cominform and Marshal Tito of Yugoslavia. They said the Cominform now has put the Greek Communist party under its complete domination.

Alexander Papagos, Generalissimo of the Greek armed forces, said he interpreted the broadcast to mean Markos—who preferred to be known by this single name—Also had been dismissed as commander of the Communist-backed rebel forces. He said he could not confirm Markos had been killed, but he said the announcement clearly indicated he was "finished."

Foreign Minister Constantine Tsaldaris said "obviously there is a purge in the leadership of the Communist party."

Sentence Of Death Asked For Cardinal

Quick Verdict Indicated For Hungarian Primate

By ENDRE MARTON

Budapest, Hungary, Feb. 5 (AP)—The prosecutor of this Communist-ruled state today demanded a "hard" sentence—meaning death by hanging—for Josef Cardinal Mindszenty and all six of his associates.

Presiding Judge Vilmos Olthys said earlier a verdict could not be expected before Monday in the treason case of the 56-year-old primate of 7,000,000 Hungarian Catholics. But the sensational trial which began only three days ago was moving swiftly to a conclusion.

Prosecutor Gyula Elapi said the Hungarian people demanded the removal of Cardinal Mindszenty as one of "the last remnants of reaction."

The Cardinal will be given an opportunity, with the other six defendants, to make a "last words" statement—a personal appeal—before the court retires to consider its verdict.

There is no indication that any major part of the Nationalist air force will be set up in Canton.

Hush-Hush Bomber Falls Apart In Air

Test Pilots Killed Off California Coast

El Segundo, Calif., Feb. 5 (AP)—One of the navy's latest hush-hush jet bombers—the XAJ—apparently disintegrated on a test flight over the Pacific and crashed into the sea yesterday killing two pilots aboard.

The victims were Albert W. Conover jr., 28, Torrance, Calif., project pilot; and co-pilot Charles E. Brown, 25, Hawthorne, Calif.

North American aircraft, builder of the highly secret three-engine experimental plane, was unable to determine immediately what happened. But private pilot Walter B. Ton, in the air at the time, said the big jet came apart.

"I first glimpsed it at about 4,000 feet and could see clearly that the tail surfaces and the outer wing panels were gone," said Ton. "All that remained was the forward part of the fuselage, the inner sections of the wings and the engine nacelles."

However, it was learned the XAJ has folding wing panels and tail section for easy handling on carriers.

Other witnesses said the craft went into a steep dive and plummeted a mile and a quarter offshore. Two helmets were recovered floating near part of a wing, but no bodies were found.

His 37-year-old wife, Lona, was still alive when police found her, but she died shortly after reaching Pontiac General hospital.

The couple's four children—Owen, 15; Bernard, 11; David, nine and Marie, six—were playing in another part of the house when the shooting occurred.

TRAIN DERAILLED

South Haven (P)—Two cars of C. & O. freight train were derailed here Friday. The engineer, Arnold Petch of Brand Rapids, was credited with preventing more serious trouble by his fast action in stopping the

LESS SYPHILIS REPORTED HERE

Venereal Disease Drops In Delta County

The number of reported cases of syphilis and gonorrhea in Delta county declined last year, dropping from 58 to 28 cases of syphilis and from 13 to 3 cases of gonorrhea, according to statistics compiled by the Delta-Menominee district health office.

Dr. William C. Harrison, district health director, warned that "reporting is relatively good for syphilis, poor for gonorrhea" and the reports to the health department therefore are undoubtedly incomplete.

Reported cases of venereal disease, with the consent of the attending physician, are investigated by the health department in an attempt to find the source of the infection and to determine to whom it might have been given.

This week is being observed nationally to promote social hygiene. The American Social Hygiene Association reports that about 3,000,000 persons—one in 47 at any one time—have syphilis in the United States. Hundreds of thousands, untreated, still spread infection.

Most Prevalent

Last year in the nation 14,000 deaths were attributed to syphilis, believed to be about one-half the actual number. In spite of the great efforts and great progress made in the prevention of venereal disease, syphilis still kills, blinds, and makes insane too many people, says the American Social Hygiene Association.

Venereal diseases are the most prevalent of all serious communicable diseases, according to local and national statistics. In Delta county last year, for example, there were 28 syphilis cases reported compared with 16 tuberculosis cases, next highest among the more serious communicable diseases.

Health authorities estimate that for every 10 cases of early syphilis reported, 16 others are not discovered and not treated in the early infectious stage. For every 10 reported cases of gonorrhea it is estimated there are at least 22 not reported and treated.

Control Measures

The Michigan health department distributes free drugs, except penicillin, for the treatment of venereal disease. A rapid treatment center is also maintained at Ann Arbor for the treatment of syphilis. It is open to all and a total charge of \$17 is made for the treatment which normally requires two weeks. Patients able are required to pay, medically indigent are paid for by the county in which they reside.

The American Social Hygiene association stresses the measures designed to eradicate VD:

1—Teach high standards of sex conduct; instill high moral ideals.

2—Aid parents, teachers, clergymen and doctors to guide and instruct youth in preparation for marriage and parenthood.

3—Spread accurate information regarding the nature, communicability, and sources of diagnosis and treatment.

4—Fight prostitution and other unwholesome community conditions.

Munising News

Munising School Band Will Play Wednesday Night

Munising—A mid-winter concert of popular music will be presented by Mather high school's 52-piece band Wednesday evening in Mather auditorium under the direction of D. W. Howlett. The program will start at 8:15.

The band will play the following numbers:

Panis Angelicus—Franck. Victor Herbert's Favorite—Arr. by Lake.

Mayfair Cinderella—Ketelbey. Ballet Egyptienne—Lugini. Hungarian Dances—Arr. by Johnson.

Persian Market—Ketelbey. Light Cavalry—Von Suppe. Marche Royal—DeSemitsky.

Tickets for the concert may be purchased from members of the band or at the door.

MUNISING BRIEFS
Mrs. Charles Jackson and Mrs. P. C. Baron will be hostesses to the Drama club at a meeting Monday night at Mrs. Jackson's home.

A barbecue spare ribs supper will be served to members of the Munising council, Knights of Columbus, when they meet at 6:30 Monday night in the KC hall for a regular meeting.

Mrs. Annette Ward and Mrs. Florence Chandler will be hostesses to the Presbyterian Guild Wednesday afternoon at 2:30 in the Presbyterian church parlors.

Jeff Bodette, secretary of the Munising—Alger Chamber of Commerce, and Kenneth Bakkum, past president of the Munising-Alger C of C, left Friday for Chicago where they will attend the

Briefly Told

Odd Fellow Meeting—The Escanaba Odd Fellows will meet at 8 p. m. Monday in Odd Fellow hall. Lunch will be served after the business meeting.

Rotary Program—The Escanaba Rotary club will be host Monday noon to the Boy Scouts of Troop 453, sponsored by the club. The Scouts will present a program under the direction of Scoutmaster J. F. Bailey.

Stamp Collectors—The Escanaba Philatelic society will hold its February meeting at 3 Sunday afternoon at the city hall. Plans for annual meeting next month will be discussed. All members are urged to attend.

Plan Parents' Night—Parents of Boy Scouts of Troop 453 are invited to attend a special troop program to be held starting at 7 p. m. Monday in the Senior high school gymnasium. A tenderfoot investiture ceremony and the installation of troop and patrol officers is included in the program.

YOUTH IS HELD FOR ROBBERY

Kingsford Boy Picked Up In Escanaba

Iron Mountain, Mich.—Dwaine G. Munn, 18, of Kingsford, arrested by city police Thursday afternoon at Escanaba in connection with the theft of \$95 worth of women's wearing apparel, on Jan. 20, from the Grey Shop, in Iron Mountain, waived preliminary examination in municipal court this morning and was bound over for trial at the April term of circuit court.

Munn, who admitted the theft, was sent to the county jail, pending the posting of \$500 cash or \$1,000 property bond. He was arrested by Chief Romagnoli and Officer Schupp, who with Lance Troy, Army recruiting officer for this area, went to Escanaba and took Munn into custody just before he was to leave, as an Army enlistee, for Camp Breckenridge, Ky.

The youth, who enlisted in the service several days ago, signed a written statement admitting his guilt.

Questioned by the officers, Munn said he was intoxicated when he took the clothing from the shop; that he didn't know what he was doing; didn't "remember much" in connection with the robbery and that he burned the clothing when he "came to his senses and realized what he had done."

The robbery took place sometime during the early morning of Jan. 20. The Grey Shop is situated upstairs in the Khouri building, in the 400 block of Stephenson. Munn told police he went upstairs and that he tried the locked doors in the hallway. He said he broke a window in the door of the Grey Shop "either with my shoulder or my hand—it must have been my hand, because it got sore about noon that day."

"I guess I took some boxes of things from the shop," Munn said. "I didn't know what was in them."

After the robbery, Munn asserted, he went to Moline, Ill., and then to Milwaukee. When he returned, he enlisted in the Army.

At Escanaba, he was turned over to Iron Mountain officers by Army officials, which is a peacetime, optional Army regulation. In war time, however, a serviceman in a situation comparable to that of Munn, must be placed under Army jurisdiction.

The youth said that on the night of Jan. 19, several hours before the robbery, he "hitch-hiked over to Wisconsin and drank in several taverns." He said he also hitch-hiked back to Iron Mountain.

outdoors show.

Mr. and Mrs. E. R. Kling returned Friday to their home in Swanton, Ohio, after a visit here with his parents, Mr. and Mrs. E. P. Kling.

NMCE Will Open Guidance Course Tuesday Evening

G.O.P. TO GET FACE-LIFTING

Public Relations Ace Will Be Hired

"Fundamentals of Guidance" is the subject of a course to be offered by the Northern Michigan College of Education at the Escanaba junior high school building every Tuesday evening, beginning Feb. 8 and extending for 12 weeks. Dr. Wilbur D. West of Marquette will conduct the course.

The class session will open at 7:30 p. m. and will last one and a half hours. A two-semester hour credit will be given to those completing the course. Social workers, nurses, teachers and others interested in guidance work are eligible to enroll.

The course will deal with counseling, interviewing, test records, administrative set-ups in guidance, relation of guidance to curriculum, and related topics. Information may be obtained from Evelyn Coleman of the state health department or Charles Follo of the University of Michigan Extension Service.

Dr. West holds a Ph. D. degree in psychology from the University of Michigan. He has been an instructor and professor of psychology at the University of Michigan, Wittenberg of College, Western Michigan College of Education, and is now director of counseling and guidance and professor of psychology at Northern Michigan College of Education.

Dr. West served as psychological consultant for the Springfield, O., juvenile court, from 1941 to 1945, and was director of Western Michigan College's year-round Clear Lake School Camp experiment for a couple years.

LAKE TANKERS MAKE RECORD

78,720,070 Barrels Of Petroleum Hauled

During the 1948 lake navigation season, shipments of petroleum products via Great Lakes tankers kept pace with the movement of dry bulk cargo. Final figures for tanker shipments show that a new all-time record was attained, surpassing in volume the previous high of 1947, and in tonnage the earlier mark of 1946.

Despite some concern during the early months of the season, the movement exceeded preliminary expectations as the result of generally favorable weather and navigating conditions and the inclusion of three new tankers of Canadian registry during varying parts of the season.

Final tabulations show that shipments of petroleum and its derivatives aggregated 78,720,070 barrels, the equivalent of 10,995,745 net tons, representing an increase in tonnage of 7.9% per cent over the 10,145,100 tons transported in 1947.

The robbery took place sometime during the early morning of Jan. 20. The Grey Shop is situated upstairs in the Khouri building, in the 400 block of Stephenson. Munn told police he went upstairs and that he tried the locked doors in the hallway. He said he broke a window in the door of the Grey Shop "either with my shoulder or my hand—it must have been my hand, because it got sore about noon that day."

"I guess I took some boxes of things from the shop," Munn said. "I didn't know what was in them."

After the robbery, Munn asserted, he went to Moline, Ill., and then to Milwaukee. When he returned, he enlisted in the Army.

At Escanaba, he was turned over to Iron Mountain officers by Army officials, which is a peacetime, optional Army regulation. In war time, however, a serviceman in a situation comparable to that of Munn, must be placed under Army jurisdiction.

Buses will be at the gate at the end of each performance and will return over same route.

DETAILED TRANSIT CO.

Harry's broad streak of healthy vulgarity. Mr. Dewey suave and condescending on his tower, just wouldn't come down to the street.

Too Pure To Be Real

He couldn't compete with that photo of Lauren Bacall's long legs perched on Harry's piano. He couldn't compete with Harry's fondness for poker and bourbon and old, sometimes disreputable acquaintances. He couldn't match Harry's barnyard anecdotes and his capacity for getting hollering mad. Mr. Dewey was franky too pure to be real, and much too good to be true.

I don't care how many deacons we raise to the hill, wide America is both corny and vulgar. It tells smutty jokes and relishes scandal and cusses and drinks whisky and shoots pool and ogles girls on windy corners and listens to moron humor on the radio and owes money and cries and fights and makes mistakes. It admires bigness over suavity and resents condescension. And it votes.

Steve built Miami into eminence by surrounding young ladies with oranges, clothing them in wispy swim suits, and shipping their glossy photographs to the newspapers. By and by "Miami" replaced "money" on the popular tongue.

Work on Young Bloods

But you cannot work this angle on the Republicans, because Bob Taft in bathing drawers would peddle few papers. There is not much to be done with Mr. Thomas Edwin Dewey, either. Even with a dagger in his teeth and his chest tattooed, Mr. Dewey would still manage to look like Mr. Dewey.

Although Mr. Hoover has shed his choke collar, and has acquired considerable public affection in recent years, it's too late in the piece to trick him out in pink slacks and sunglasses. Seems to me that whoever gets the face-lifting job is going to have to ignore the old gaffers and concentrate on the young blood, if there be same.

The job to be done on the Republicans is one of coarsening them up to the level of the common man. During my memory the party has been marked with a mournful air of conscious piety, like an old maid with bad news to break. The party's face has been pinched, and righteousness has exuded from the pores. And, like a mama's boy in his Sunday serge, the Republicans have refused to get down into the dirt to fight with the other kids.

You may hazard a thousand guesses at what elected Mr. Truman; my guess is that it was basi-

cularly to Atlantic City, applauds the striptease, and votes. A corny vote

is just as good as a sophisticated

vote—and twice as good as the

ballot of an intellectual who stays

at home on election day to thumb

his collection of rare old thou-

sand-dollar bills.

The job at hand will be to de-

velop a couple of glamor boys,

THEFTS SOLVED AT DUTCH MILL

Three County Men Held For Investigation

A series of breakings and enterings in November, December and early January at the Dutch Mill, located north of Rapid River, has been solved by the Michigan State Police, it was announced today at the Gladstone post.

Three men have been arrested and are held in the county jail. They are Calvin Willis, 24, of Gladstone, Wayne Kinnard, 17, of Perkins, and Oliver Couillard, 21, of Wells. It is expected they will be arraigned Monday in Justice Henry Rangue's court.

State police said that Willis and Couillard admitted entering the dance hall and resort several times and implicated Kinnard as one of the group. Four others have also been implicated and more arrests are expected.

Kinnard and Couillard are now on probation for previous offenses.

The Dutch Mill was entered four or five times by persons who forced open windows on the west and north sides and once broke in through a door. Beer, wine, cigarettes, candy, peanuts, gum and other articles were stolen.

Unsold State Lands List Now Available

State lands offered for sale at auction and remaining unsold may now be purchased at the minimum appraisal prices shown on the market lists issued by the conservation department.

Copies of this list of state lands available for immediate purchase in Delta county have been received by J. L. Heirman, county agricultural agent, and copies may be obtained at his office in the court house at Escanaba.

Included in the list are lots in the city of Gladstone, and some in Escanaba and the village of Garden; and lands in the townships. One site has water frontage on the shore of Big Bay de Noc.

The lands division of the conservation department has cautioned that it is not necessary to deal with a middleman or through a private agency to get the lists or secure a deed.

Minor Is Fined \$25 On Disorderly Count

Laverne Pleaugh, a minor, of Sands, Mich., was arraigned Friday afternoon in Justice Henry Rangue's court on a disorderly charge for consuming beer in the St. Clair hotel. He pleaded guilty and was assessed a \$25 fine and costs, or 30 days in jail. He paid the fine.

Edward Gauthier, operator of the hotel, was charged with selling and furnishing beer to a minor and pleaded not guilty when arraigned Friday. A trial in the case has been set for 2 p. m., Feb. 8. Gauthier was released on \$100 bond.

Wife Reunited With Husband Declared Dead 4 Years Ago

San Fernando, Calif. (UPI)—Mrs. Donald Gregory Meyer is reunited with the husband the government told her four years ago had been killed in battle.

Meyer, 31, was reported missing in action near Eupen, Germany, in October, 1944, while fighting with the 635th Tank Destroyer battalion, attached to the Thirteenth Army.

When the war department notified her later that he had been killed in action, Mrs. Meyer left his parents' home in Douglas, Wyo., and came to California with her daughter by a previous marriage.

Meanwhile she did not maintain contact with his family, and when he returned home after having been wounded, captured and been liberated after spending years in various German prison camps, he did not know how to reach her.

Recently, when she told associates in an army hospital here, where she has been a volunteer worker, that she had received no insurance or pension, they advised her there was a strong probability he still lived. When she

HE CARRIES A LOT OF WEIGHT—Rep C. O. (Fats) Baker carries a lot of weight in the Georgia House of Representatives. So much, in fact, that the state had to have a special chair built to hold the gentleman from Clarke County. Rep. H. Doyal Salter from Upson County lights Baker's cigar. The large representative keeps his weight a secret.

Outstanding Young Man Of Year' To Be Chosen

Nominations for the distinguished service award to be presented to the "outstanding young man of the year" at an Escanaba Junior Chamber of Commerce dinner must be made by Feb. 10, Paul Snyder, chairman of the special Jaycee committee, stated today. The dinner, at which the presentation will be made, will be held at the House of Ludington on Feb. 15.

Service clubs, fraternal organizations and other civic groups have been invited by the Junior Chamber of Commerce to nominate young men, 35 years old and under, who have been outstanding in their business, profession and civic activities.

The Jaycees, it was pointed out, are not making the selection of the recipient of the distinguished service award. This choice will be made by a committee of three judges, not members of the Escanaba Junior Chamber of Commerce and whose identities will remain undisclosed.

Nomination blanks have been sent to various organizations. Judging will be on the following qualifications: personal life, community work, leadership, business reputation, and achievements in state, national and international activities.

All tickets for tonight's run of the 11th annual Escanaba Ice Revue have been sold, it was announced this noon by Ted Sura, ticket chairman.

All those planning to attend the revue are urged to purchase tickets early for the performance beginning at 2:30 p. m., Sunday at the indoor rink. Both box seats and general admissions for this run are available.

The show last night was rated superb, and patrons were turned away at the door because stands were full.

Tickets will be available at the box office.

Miss Jeanne Groos, Escanaba Winter Sports Queen, will be crowned tonight at the revue, the beginning of the second half of the ice show. Carl G. Nelson, president of the Escanaba Chamber of Commerce, will confer the crown. The queen will be attended by six uniformed figure skaters and will be escorted to the throne by George Carroll, emcee of the ice revue.

Miss Groos will compete at Newberry Feb. 17-18-19 in the Queen of the North contest.

A U. S. Public Health Survey on the eyes of 1,000 persons showed that 20 per cent of those in the 17-18 year age group had visual problems; 39 per cent of those at the age of 20; 71 per cent of those at 50, and 80 per cent of those at 60.

Try a For Rent Ad today.

telephoned the home of his parents, Meyer himself answered.

She rejoined him in Wyoming, they came here and were remarried, "for sentimental reasons," Mrs. Meyer explained.

DEATH CLAIMS EARL L. KELL

Wilson Farmer Dies At Home This Morning

Earl L. Kell, 57, of Wilson, died this morning at 6:17 o'clock at his farm home. He had been ill for the past five months. He had been a resident of the Wilson community most of his life and was born there Oct. 15, 1891.

He is survived by his widow, the former Martha Gorzinski, two daughters, Mrs. Robert C. Schupp of St. Claire, Mo., and Mrs. Arthur H. Eastberg of Menominee; two sons, Earl F. Kell, Jr., of Wilson, and Rodger Kell of Escanaba; and the following sisters and brothers: Mrs. James Drew of Iron Mountain, Mrs. Theodore Fager of Spalding, Henry of Oakland, Calif., Oscar of Wilson, and Ira of White Fish, Montana. Four grandchildren.

The body is at the Kell funeral home in Menominee where it will be in state at 4 p. m. Sunday, and from there will be removed to the family home at Wilson at 10 a. m. Monday.

Funeral services will be held at the home at 2 p. m. Tuesday and in Zion Episcopal church, of which he was a member, at 2:30 o'clock. The Rev. J. William Robertson will officiate. Burial will be in Wilson cemetery.

Funeral services will be held at the home at 2 p. m. Tuesday and in Zion Episcopal church, of which he was a member, at 2:30 o'clock. The Rev. J. William Robertson will officiate. Burial will be in Wilson cemetery.

Young, Schafer To Attend Fire Fight Meeting

Arthur O. Schafer, staff assistant and George Young, assistant supervisor, of the Upper Michigan National forest headquarters, Escanaba, will attend a fire fighting equipment and development meeting at the Higgins lake training school in Lower Michigan next week.

The U. S. Forest Service men will leave Escanaba Monday for the week-long meeting the purpose of which is to review experience in the use of fire equipment during the last few years and to determine the types of equipment most suitable for future development and use.

A forest fire equipment development station is located at Roscommon, operated by the Michigan department of conservation with the cooperation of U. S. Forest service, it was explained. Its work is the designing, experimenting and manufacturing of pilot units of fire fighting equipment.

Officers will determine at the coming meeting what equipment will be developed at the Roscommon station during the next year.

Seven national forests will be represented at the Higgins lake meeting, three in Michigan and two each in Minnesota and Wisconsin. Conservation officers of those Great Lakes states also will be in attendance.

Income Taxpayers May Get Advice

Roland P. Larson, deputy collector of internal revenue, has announced an itinerary to give advice to taxpayers in filing their income tax returns.

Mr. Larson will be at the post-office buildings in the following communities: Gladstone, Feb. 21; Menominee, Feb. 23 to 25; and Escanaba, Feb. 28 to March 15.

Dairymen Get 'Jitters' Over Milk Price Decline

Michigan dairymen are getting "jittery" over the milk price situation and the "critical" question is: How much longer can the downward trend continue without upsetting the food economy of the state and nation?

So says Bruce F. Clothier, a dairy farmer and president of the American Dairy Association of Michigan. Trend of returns in milk price to the farmer during recent months is "anything but encouraging to the dairy farmers of the state," he added.

A drastic decline in milk production is in prospect because the number of cows has been reduced and there is a growing shift of labor from the farm to the factory, Clothier reported. Farm wages are still lagging behind the wage advances on the industrial side.

The dairy farmer, he claims, is receiving less returns from the price the consumer pays for a quart of milk than he did at any time in the last quarter of a century.

In Delta county J. L. Heirman, county agricultural agent, looked on the situation—at least locally—with less alarm.

Comparisons cannot be made generally for the state because of varying conditions, he pointed out. The dairy farm labor situation might be described as "critical" in the Detroit milk shed, but in Delta county the latest milk cost study reports show the farmer is receiving a "fair wage" for the work he performs on his own

The beautifully grained wood known as Circassian walnut comes from the English walnut tree.

FORT LERNOULT LASTS 56 YEARS

Was Erected By British In Detroit

Ann Arbor — Fort Lernoult, star-shaped symbol of His Britannic Majesty's might on the Detroit River, had an old history of British and American occupation before it became a part of the Motor City.

Hurriedly put together by the British during the Revolutionary War because of fear of American attack, the fort stood at the site of the present Federal Building where a plaque now commemorates it, according to Dr. F. Clevenger, assistant director of the Michigan Historical Collections at the University of Michigan.

In its 56-year history, the fort's high parapets twice enclosed the flashy red-coated British forces and twice was the armed camp of frontier-minded American soldiers. In that time it also had three official names.

The fort was up the hill behind Antoine de la Mothe Cadillac's original Fort Ponchartrain du Detroit, built in 1701, which then enclosed the tiny stockaded town.

Fort Ponchartrain had been taken over by the British at the end of the French and Indian War. But as the Revolutionary War raged, they felt the stockade would not be strong enough to stop the Americans, should they come up the Great Lakes. So they built Fort Lernoult.

The typical European earth-work fort had cannon mounted on the ramparts. The ramparts were 26 feet thick at the bottom. An embankment and a ditch surrounded the fort.

However, this imposing structure never had to repel an enemy force. When the sharpshooting Americans took over in 1796 they did so as a result of Jay's Treaty. They renamed it Fort Detroit.

When the War of 1812 came along, Fort Detroit hummed with activity again as the British, through control of the Great Lakes, hurriedly evacuated the fort and fled across the river into Canada.

The British held it until Sept. 1813, when Commodore Perry's cleverly won victory at Put-In-Bay tipped the scales of war in United States' favor. The British, having lost control of the Great Lakes, hurriedly evacuated the fort and fled across the river into Canada.

The King's men, under command of Gen. Henry Proctor, were caught and beaten by the Americans near Chatham, Ontario. Gen. Proctor fled the battle as Gen. William Harrison's men cut his troops to bits.

An interesting figure in the victory was hardy 65-year-old Isaac Shelby, Kentucky governor, who led his force of rifle-toting horsemen from his home state to the support of Gen. Harrison. In honor of this valiant old gentleman, Fort Detroit was renamed Fort Shelby.

When peace returned to Michigan, the City of Detroit grew so rapidly that it had almost engulfed the fort when the government ordered Fort Shelby abandoned in 1862. After the ramparts had been torn down and the men cut their troops to bits.

The fort's area was turned over to the city and it swiftly became a part of the downtown financial district.

Garden

Parties

Garden, Mich.—Jimmy, son of Mr. and Mrs. Vernon Potvin, celebrated his seventh birthday at a home party Wednesday afternoon. In games, prizes were won by his brother, Lee and Dianne Lester. Other guests were Lewellyn Lester, Billy Bodette, Bobby and Sparky Larson and Johnny Fisher. They all enjoyed lunch which was served amidst pink and white decorations and Jimmy received nice gifts.

Mrs. Robert E. Lester was hostess to the Van's Harbor pinocchio group Wednesday night and made high score. Mrs. Vernon Potvin made low score and Mrs. Mary Endress, 300 pinocchio. Tasty refreshments were served after play.

Mr. and Mrs. Vernon Potvin, members of the Van's Harbor pinocchio group, were entertained by Mrs. Robert E. Lester and her son, Jimmy, at a home party.

One of the swiftest conversions from steam to complete diesel locomotive operation ever attempted by any railroad—a 4,000,000 program—is rapidly materializing on the Pennsylvania Railroad's Grand Rapids division. This announcement is made today by Vice President Paul E. Feucht of the Pennsylvania, with headquarters in Chicago.

Work of providing service and maintenance facilities for diesel locomotives also has been moving forward at a rapid rate since January 1. While this permanent work is being rushed to completion, temporary facilities are being used to service and maintain the new type of motive power.

esels for switching service—three of 1,000 horsepower, five of 600 horsepower, and one of 380 horsepower.

When this equipment, totalling more than 31,000 horsepower, is received, all 37 coal-burning steam locomotives which have been assigned to the Grand Rapids division, will be removed. The Grand Rapids division territory extends northward from Fort Wayne, Ind., through Grand Rapids, to Mackinaw City, Mich., a distance of 366 miles, and, in addition, has several branches.

Work of providing service and maintenance facilities for diesel locomotives also has been moving forward at a rapid rate since January 1. While this permanent work is being rushed to completion, temporary facilities are being used to service and maintain the new type of motive power.

Fueling stations are being stalled at Grand Rapids and Cadillac, Mich. Both are to have underground storage tanks, with t Grand Rapids station having capacity for 180,000 gallons of fuel oil and the one at Cadillac to hold 20,000 gallons. Through passenger and freight locomotives will be refueled at both points from connections adjacent to the main tracks. Water for the passenger locomotives' train heating systems also will be provided at these and other locations along the Grand Rapids division. Refueling at other points where switching diesels will be in service, will be by tank truck.

In less than two years of the War of 1812, the American navy of 20 ships had sunk or captured 26 British war vessels and had lost but seven of their own.

NEW HEARING AID SENSATION

A famous Maico hearing aid so small it fits in the palm of your hand, yet powerful enough to give satisfactory hearing to individuals afflicted with as much as 70% hearing loss. With this new model, you will also have:

Invisible hearing—unusually long battery life—more accurate diagnosis and fitting.

Maico produces 90% of the testing equipment used in America for the study and analysis of hearing defects.

This Plan Offers Every Comfort For Modern Family

The "Gloucester," shown as to-day's Home-of-the-Weeks offers the modern family every comfort. The design is particularly well suited to a large lot with at least a 60 foot frontage. If the land is available, a 100 foot frontage would show the house off to even better advantage.

In a recent survey of over 100 new homes the general style and layout of the "Gloucester" won first place with the majority of the persons questioned. The idea of four rooms, including one bedroom on the first floor, plus two large upstairs bedrooms, and an attached breezeway and garage, held a strong appeal.

Measuring 28 ft. x 29 ft., the house proper has a cubage of 17,299 feet with an additional cubage of 3500 feet for the garage and porch. In order to keep construction costs as low as possible and at the same time present an unusually well laid out house, it was necessary to keep the outside dimensions as small as possible. A compromise was reached in using the setback idea. Every break or setback in a house exterior wall or roof structure costs more to build than a flat surface, but some sacrifice in cost was necessary in the Gloucester to achieve an extraordinarily well-balanced and good looking exterior.

The general lines of the house follow the usual good taste of the better designed Cape Cod homes. The house is purposely built low to the ground to give that homely feeling never achieved by a house built on a foundation that projects high above the grade line.

In the illustration, the exterior wall construction is of narrow clapboards which add much charm to this particular type of house. However, brick or stone sidewalls may be used if desired. The house is painted white with real Colonial green trim and a green roof.

Stock Colonial Door
Of simple stock Colonial type design, the front door has overhead glass panels and a standard brass knocker. This door opens into a small hallway with a staircase to the second floor opposite it, and archway openings on both sides. On the right, the archway leads to the dining room while the one on the left opens into the living room.

The living room is 15 ft. 6 in. x 13 ft. and has a modern balanced fireplace centered in the outside wall, with a flush attached mirror over it. The room is extremely well lighted by two large windows on either side of the fireplace and a very lovely large Colonial picture window on the front wall. This large window is flanked on either side by casement windows to permit better ventilation. Low bookcases could easily be built under the

windows on either side of the fireplace.

The living room is lighted by a close hung center ceiling mushroom type of fixture. The unusually long wall space in the room permits good furniture placement. A door in the rear wall opens into a short hallway which serves the entire first floor.

With one window in the front wall and a larger picture window in the side wall, the dining room measures 12 ft. x 11 ft. 6 in. A built-in china cupboard with drawers underneath it is located in a corner space. A built-in china closet could be placed between the windows in the front corner of the room. The long wall space on the side of the room could be used for the location of a buffet.

A swinging door leads from the dining room to the kitchen, which is 13 ft. x 10 ft. To the right of this doorway is the location for the refrigerator. The stove and sink occupy the side and back walls in an L shaped arrangement. The sink is centered under the double window and there is a wealth of cabinets and storage space over and under the linoleum covered work table top. A modern ventilating fan is built into the wall to remove cooking odors.

Screened In Porch

A doorway next to the broom closet opens on to the porch. Measuring 10 ft. x 7 ft. this porch can be screened in for the summer and glassed in for winter. The rear half of the porch space is divided into three sections. One section opens off the kitchen and provides space for a dining nook which has windows on the front and rear walls. A storage or tool shed occupies the balance of the porch floor space.

The short hallway between the kitchen and bedroom serves another broom closet, the adjacent doorway to the basement stairs, lavatory, linen closet, and the entrance to the back bedroom. This back bedroom is 12 ft. x 11 ft. 6 in. and has two windows

Automatic Pump Protects Cellar

An increasing use of automatic drainage pumps in residential basements is reported by plumbing contractors, says the Plumbing and Heating Industries Bureau.

Drainage or sump pumps are used for the purpose of providing basement drainage when no sewer is available, to provide drainage when the basement is below the sewer level; and as a protection against backwater when the basement is subject to frequent flooding from the backing up of water through sewer openings.

An electric drainage pump will insure a dry basement thus permitting the full utilization of basement space for a laundry, recreation room, storage, or workshop.

Health Protection

An electric basement drainer is a protection to health by preventing the breeding of insects and bacteria which thrive under conditions of excess moisture.

Pumps can be installed by plumbing contractors at very nominal cost, the Bureau points out. Installation is simple and involves primarily the digging of a sump into which the basement is drained and the placing in the sump of one of the new model, low cost, automatically operated sump pumps, especially designed for this purpose.

Sump pumps are made in various sizes to meet varying conditions. The better pumps are of all-brass and bronze construction and will not rust. They will operate economically and efficiently for many years.

The sword-bearer hummingbird has a bill almost five inches long—longer than the rest of its body.

A heating unit is located under the living room in the full cement basement. A storage space is located under the bedroom. The laundry space is placed under the kitchen and a hobby room is provided for under the dining room. Although no bulkhead is shown in the plan, one could easily be installed under the lavatory.

The straight stairway to the second floor ends in a short hallway. The bathroom is located directly opposite the stairway and the bedrooms are at either side of the hallway. The bathroom is of modern design with built-in shower fixtures and modern fluorescent lighting included.

Plenty of light and good cross ventilation is provided by the double windows in the side and rear walls of the left bedroom. This room is 14 ft. x 12 ft. 6 in. and has three closets as well as a chest of drawers built in the front wall space. A doorway in the front wall opens into a storage space under the front roof. Measuring 14 ft. x 11 ft., the

Grand Marais

500 Club

Grand Marais, Mich.—The 500 Club met at the home of Mrs. Victor Buckland Wednesday evening. Those present included, Argie Thorington, Argie Bush, Pearl Masse, Celina Bleckner, Hazel Block, Elsie Grasser, Louise Seneca, and the hostess Doris Buckland. First prize was won by Gloria Lundquist and the cut prize by Margaret Soldenski. Following the regular eight games a delicious lunch was served by the hostess.

Twins Born

Mr. and Mrs. Carl Langnor of Chicago announced the arrival of twins, Thomas James and Gerald John, to be called Tom and Gerry. Mrs. Langnor is the former Enid Glaza.

Personals

Mr. and Mrs. Vernon Bleckner have returned to Marquette following a trip to Milwaukee and Chicago where Mrs. Bleckner was receiving medical treatment.

George Nettleton, Jr., is laid up at home with an infected foot.

Arnold Turan celebrated his 31st birthday with a party at his home February 2. Mr. and Mrs. Oliver Turan, Barney Turan, Mr. and Mrs. William Cobreby were present. Cards were played and a delicious lunch was served. He was the recipient of several lovely gifts.

Mrs. Capigrossa and son of New York City have returned to her home following a month's visit at the home of her parents Mr. and Mrs. Alfred Lundquist. Mr. and Mrs. Lundquist drove her to Detroit. Mrs. Charles Chilson accompanied the party as far as Saginaw where she will visit her mother, Mrs. Hester McDonald.

Mr. and Mrs. Robert Pugh left here Monday night for their home in Wayne, following a weekend spent with friends and relatives. Mrs. St. Martin, formerly Norma Bailey, returned to Detroit with them. She and her two children have spent the past few months at the home of her parents, Mr. and Mrs. Harry Bailey.

Mr. and Mrs. Felix Pearson spent Tuesday in Manistique vis-

iting at the home of Mr. and Mrs. Sherwood Lamirand.

Mrs. Leo Doucette left via train Wednesday for Flint to be with her daughter-in-law, Mrs. Forrest Martin who is ill.

Mrs. Dorothy Hampton entertained the Home Extension Club Group II at her home Tuesday night. Among those present were Betty Olli, Ruth Shroeder, June Mulligan, Cathy Picel and Doris Buckland. Following the regular meeting a lovely lunch was served by the hostess.

The W. S. C. S. of the Community church had a program meeting at the home of Mrs. Wallace Hill, Mrs. Duval, Mrs. Andrew Soldenski, Mrs. Alex Niemi, Miss Isabell McCall, Mrs. Milton Touzel, Mrs. Erwin Shroeder and Marilyn and Mrs. Victor Buckland and Sherry were those attending. After the business meeting adjourned, ice cream and cookies were served by the hostess.

Toivo Linnamaki recently stationed with the United States Coast Guard station at Plum Island, is home on leave.

Social - Club

Past Matrons Club

The Escanaba Past Matrons club will meet Monday afternoon at 2 at the home of Mrs. Henry G. Olson, 706 South 10th street. Each member is asked to have a coarse crochet hook. Reservations are to be made with Mrs. Olson as early as possible.

W. C. T. U. Meeting

The W. C. T. U. will hold its monthly meeting Wednesday, Feb. 9, at 2:30 p.m. in Central Methodist church basement. At the program following the business meeting Mrs. John Anderson will present a piano solo. Mrs. Clinton Anderson will give a reading, and Mrs. Elmer Johnson will sing. The message will be delivered by the Rev. John Anderson. Refreshments will be served by the hostesses, Mrs. W. J. Anthony and Mrs. Arthur Magnuson.

C. N. W. Club

The Chicago & North Western Railway Woman's club will meet at 2:30 Monday at Grenier's hall. Cards will follow the business session. The traveling basket is to be turned in at this meeting. Mrs. George Anderson is chairman of the hostess committee.

St. Ann's Court

St. Ann's Court, W. C. O. F., will meet Wednesday evening, Feb. 9, at the home of Mrs. Eugene Auger, 425 South 14th street. A social hour will follow the business session.

Runberg Program

The Order of Runberg will entertain at a program and social Sunday evening at 7:30 at Unity hall. Lunch will be served. The public is invited to attend. The committee for the evening is Mrs. Emil Johnson, Miss Dagne Beck, Mrs. Fred Beck, Mrs. Nick Fedrow and Mrs. Rudolph Larson, chairman.

G. I. A. Meeting

The G. I. A. to the B. of L. E. will hold its monthly meeting Tuesday, Feb. 8 at 2 o'clock at Grenier's hall. Following the meeting games will be played. The public is invited.

Guild Meeting

Wesleyan Service Guild girls of the Central Methodist church are asked to bring recipes and aprons to the guild meeting Monday night.

Mrs. Baker Is New Chairman Of Junior Red Cross

Mrs. Eldridge Baker, of 308 South 7th street, has been appointed Junior Red Cross chairman to fill the vacancy created by Mrs. John Luecke's resignation. It was announced today by Loren Jenkins, Delta County Chapter chairman of the American Red Cross.

The Junior Red Cross program has been in effect in Delta county for over 23 years, and is described as the American Red Cross in the schools, developing in students the habit of service and giving them an opportunity to serve in community, national and international affairs, practice in democratic processes and a feeling of responsibility for others.

One of its major programs has been making gift boxes for Delta county hospitalized veterans, and this will be an Easter project this year.

Schaffer

D.A.R. Chapter
Annual Dinner
On February 14

The Lewis Cass chapter of the Daughters of the American Revolution will hold its annual Washington Birthday dinner at the Delta hotel Monday evening, Feb. 14, at 6:30.

The D. A. R. Good Citizenship girls will be guests of the chapter.

Arrangements for the dinner are in charge of Miss Alice Potter, Mrs. Robert Haven and Mrs. J. H. Jackson. The program chairman is Mrs. W. J. Clark. Those wishing reservations for the dinner are asked to call Mrs. Jackson before Friday evening.

Church Women's
Council Sponsors
Candle Collection

In response to a request from the Church World Service the Escanaba Council of Church Women is sponsoring a project to collect used candles to ship overseas to countries in which the lack of electrical power and shortage of oil have made lighting homes difficult.

Children of the various Sunday schools will be asked to collect the candles.

The children will take their collection of candle ends to their Sunday schools on February 20, and they also will be asked to give one penny, each, to help defray the cost of shipping.

The Council will appreciate donations from anyone interested in this project and these may be sent to the churches included in the Council.

When

SWEDEN HAS MILD WINTER

Florists Are Selling Plants Outdoors

MRS. HERMAN G. NELSON
Stockholm, Sweden, (By Air Mail)—Sweden is experiencing one of its mildest winters in history. We have had very little snow in Stockholm and all of it is now gone again as the result of rains for several days.

Thousands of school girls and boys from Stockholm are making plans to go to Jamtland this month during their winter vacation for skiing. In Margaret's school, they announced a week ago that about 600 from Stockholm who had made reservations would not be able to go because too many were wanting to make the trip. What was their relief yesterday when they were informed that everybody in their school had been chosen to make the trip. Margaret says she and her class will stay for a week in a farmhouse at Undersaker, quite near Sweden's most famous ski jump center, Are, in Jamtland.

"I can't wait," she says. She has bought skis and paxor, or heavy outdoor shoes which everybody in Sweden wears for winter sports.

A few nights ago I saw the most awe-inspiring sight—the northern lights! "Norrhkenet," they call it in Swedish. White film in long streaks seemingly emanated from a central place and descended in the sky under a glass cupola. The stars were vividly visible at the same time. I discovered it shortly after 10 p. m., and quickly woke Ruth Mae and Margaret. The streaks shifted in length, also varied in intensity of brightness. It was an unforgettable sight. The thermometer registered plus 3 degrees, which is about 37 degrees Fahrenheit.

Children Enjoy School

It is now six months ago since we came to Stockholm. They have been wonderful months of activity and the girls have done remarkably well in their school. Margaret recently gave a talk in Swedish to her class about the public schools in the United States. They are enrolled in the Ekskede branch of Hogalids samskola. They go to school six days a week, starting their first classes at 8:10 a. m., and continuing to 3:20 p. m.

Here is a typical week's schedule for Margaret, who is in the third "form." Her program, on Monday is as follows:

8:10 to 8:55 a. m., Swedish; 9:05 to 9:50 a. m., Swedish; 10 to 10:40 a. m., chemistry; 10:55 to 11:35 a. m., chemistry laboratory; 12 to 12:45 p. m., physics; 12:55 to 1:40 p. m., English; 1:50 to 2:30 p. m., chemistry; and 2:40 to 3:20 p. m., gymnastics.

The schedule of subjects, without listing the periods, each day follows: Tuesday—French, mathematics, geography, biology and physics; Wednesday—Christianity, Swedish, French, mathematics, history, physics and music; Thursday—Handwork, geography, biology, English and French; Friday—home economics, during all morning, when a complete meal is prepared, served and eaten, chemistry, history and handwork; and Saturday—Christianity, English, French drawing, history and drawing. The Swedish school children in Margaret's class also have German as a language study but since they are in their third year of German, Margaret was excused and given substitute classes. Margaret is in a class which corresponds to the sophomore class in American high schools. Ruth Mae is doing work in a class corresponding to the junior class. The subjects are approximately the same. As will be noted, emphasis is on language and science subjects. At the same time, boys and girls alike get a chance to study cooking and home economics. In this school, commercial subjects are not taught.

Flowers For Sale

Because of the mild weather in Stockholm, florists have been selling their potted and cut flowers outdoors almost every day in December and January. The outdoor market places are colorful with tulips, crocuses and other flowers. Tulips in bloom are sold with the bulb frequently and the buyers thereby gets a chance to plant the bulb and get another flower. The florist windows in Stockholm are gorgeous. I looked into one window yesterday and there were the most beautiful purple and yellow crocuses in small flower pots covered with purple paper edged in yellow.

Almost every time I invite a Swedish guest for lunch or dinner, the guest brings a small bouquet of flowers or a potted tulip or hyacinth and now the crocuses are in season. The Swedish people do enjoy flowers during the winter season and they are everywhere in evidence in the outdoor and indoor market places and in numerous floral shops. Blooming plants are put on church alters for most services.

Stockholm is a city of small shops. Even the large stores cannot compare with American department stores. One wonders how everybody makes a living, each with a hole in the wall store, but it must be that each has a clientele.

There are many lovely things in the stores which feature Swedish glassware or hemstitch, or pottery, or cutlery, or tin. They call it "tenn" in Swedish and

Michigan University Club Meets Tuesday

The University of Michigan Alumni Club will meet Tuesday evening at 5:00 o'clock in Suite 1 of First National Bank Building. Carl Olson, president of the organization announces.

Officers for the coming year will be elected and other matters of importance will be discussed and possibly acted upon.

The club has a membership of about thirty-five in Manistique and vicinity.

WATSON HEADS CANCER DRIVE

Selection Announced By State Chairman

Russell Watson, has been appointed chairman of the Schoolcraft county campaign committee of the American Cancer Society to conduct the annual fund raising drive which will open April 1.

The announcement was made Friday by State Senator John B. Martin, Jr., of Grand Rapids, state campaign chairman of the Michigan division of this organization. Said Mr. Martin, "In asking Mr. Watson to head the drive in Schoolcraft county we have attempted to select a person whose leadership will inspire others to join this crusade against cancer."

Mrs. J. Joseph Herbert, county commander of the local cancer society unit, in announcing Mr. Watson's appointment, wishes to emphasize that the work of the cancer society here is not one confined to the time of the fund drive. The campaign is being conducted in the county at present. An unusual film dealing with cancer control has been shown in numerous places throughout the Manistique vicinity the past week including the regular meeting of the Manistique Women's club, the Lions Club, the Lincoln PTA, and this coming week it will be featured at the Rotary Club meeting and numerous 4-H club meetings in the county. Dr. George Shaw has supplemented this showing with talks on the subject.

Mr. Watson, says Mrs. Herbert, should be a great help in putting the fund drive over.

Private's Wife, 29, Has 11th Baby; Army Allowance Is \$260

Huntington, W. Va., Feb. 5 (AP)—Mrs. Herman D. Burd, 29-year-old wife of an army private first class, doesn't live in a shoe. But she's just had her 11th baby and hopes the service will grant an extension of leave to her husband so he can be with the children.

The youngsters—two of whom are abed with pneumonia—range in age from four days to 13 years.

Married in 1935, the couple had their first child a year later. They lost one at birth in 1942.

Burd, who is 32, says he enlisted in the army December, 1947, because he couldn't support the family. As a Pfc he draws \$46 a month, and his wife receives a dependent's allowance of \$260.

Many lovely articles for the home are made in "tenn." I stopped in yesterday at Gustafberg's store on Birger Jarlsgatan and fell in love with a tea set of peach striped on white, for only 53 crowns, or about \$15. I also stopped in, at Svenskt Glas, and one was bewildered with the display of beautiful glassware. The furniture stores also feature beautiful items made in Swedish factories.

On the same trip, I stopped to view the exhibit of photographs taken by Sweden's newspaper photographers. One group had been taken by Bo Dahlberg of Prince Bertil on his American trip last June. There was one of Prince Bertil eating peanuts with some boys on the bleachers at the baseball park in Rockford. Others showed Prince Bertil and President Truman at the Chicago stadium. One shows President Truman with Prince Bertil, Consul General Costa Oldenburg and Dr. Conrad Bergendoff applauding.

When the British invaded Washington in the War of 1812, and set fire to buildings, Dolly Madison, the President's wife, carried some of the great White House treasures, including Washington's picture and the original draft of the Declaration of Independence, to safety.

WBA Meeting

SKI TOWER AND TOW NOW IN USE

Rated Among Best In Upper Michigan

The Manistique junior ski slide, along with a ski tow, were officially put into use the first time this afternoon, placing at the service of the public skiing facilities for beginners that are on a par with the best in Upper Michigan.

The ski slide is twenty-five feet in height which enables the novice to acquire skill and at the same time enjoy the utmost of thrills. Elsewhere about the hill are slides with plenty of curves and upturns to help the beginner gain grace and confidence. And the ski tow, a motorized device which carries the rider from the bottom of the hill to the top, relieves him or her of that tedious and sometimes arduous trip back to the slide.

Bridge Club
Mrs. R. J. Fagan entertained her bridge club on Wednesday evening at the F. W. Hiltman home on Indian Lake. Mrs. Richard Wille held high score for the evening and Mrs. Earl LeBrasseur, second. Mrs. Wille was a guest. Tasty refreshments were served later. Decorations were in the Halloween motif.

Council
St. Francis de Sales Parish Council met Tuesday evening in the school basement. Theresa Borick concluded her study report, Rose Patrick and Catherine Charron sang a hymn accompanied by Jeanne Marie Charron at the piano. Cards were played later with prizes in bridge being awarded to Mrs. George Matthews, high, and Mrs. Ferd Gorsch, second. In five hundred Miss Rose Mercier received high, and Mrs. Hattie Marin, second. Lunch was served later.

Bridge Club
Mrs. J. Joseph Herbert, county commander of the local cancer society unit, in announcing Mr. Watson's appointment, wishes to emphasize that the work of the cancer society here is not one confined to the time of the fund drive. The campaign is being conducted in the county at present. An unusual film dealing with cancer control has been shown in numerous places throughout the Manistique vicinity the past week including the regular meeting of the Manistique Women's club, the Lions Club, the Lincoln PTA, and this coming week it will be featured at the Rotary Club meeting and numerous 4-H club meetings in the county. Dr. George Shaw has supplemented this showing with talks on the subject.

Bridge Club
Mrs. James Dupont was hostess to members of her bridge club on Thursday evening at her home on Arbuthnott avenue. Mrs. Don Hoholik held high score for the evening, Mrs. Ferd Gorsch, second, and Mrs. J. Archambeau, low. Mrs. Bill Eck received the guest prize. Lunch was served.

Legion Auxiliary
A regular meeting of the American Legion Auxiliary was held Thursday evening in the hall. Cards were played following the business session with Nellie Ott receiving, high in five hundred, Bonnie LaMuth, second, and Mrs. Malloch, high, and Mrs. Grace Collier low in other games. Refreshments were served.

No Junk
"We are certainly proud of this project," says Thor Reque, recreational director. "We have been dreaming about it for a long time and were reconciled to the prospect that it would be, at best, junk equipment; but the ski slide and ski tow are not junk. They are both of good material and are destined to last for years to come."

Adults and youngsters are invited not only to come and see the slide, but to make use of it.

The two will be in operation all Sunday afternoon and the public is invited to make use of it without cost.

Garden
Mr. and Mrs. Leo Foye and grandson of Manistique and Mrs. Ike Bonifas and Mrs. Catherine Morrison of Isabella visited with the Alex McLeods of Van's Harbor Saturday.

Mrs. Louis Lauzon and sons Sparky and Bobby of Detroit are spending several weeks with their parents, Mr. and Mrs. Leo Lester.

Mrs. George Poudreau, Mrs. Ernest Tatrow, Mrs. William Winter and Mrs. Fred Olmsted were visitors with Mrs. Adson Casey of Fairport Thursday.

Mr. and Mrs. Robert E. Lester and children, Dianne and Lew, spent Sunday with Mrs. Lester's parents, Mr. and Mrs. Amos Ritter of Nahma.

Mrs. Wesley Horning took Mrs. Clyde Heafield and daughter Carol to Manistique Wednesday for medical treatment for the baby. They visited at the Alvin Carlstrom and Delor Beaupre home.

The youngsters—two of whom are abed with pneumonia—range in age from four days to 13 years.

Married in 1935, the couple had their first child a year later. They lost one at birth in 1942.

Burd, who is 32, says he enlisted in the army December, 1947, because he couldn't support the family. As a Pfc he draws \$46 a month, and his wife receives a dependent's allowance of \$260.

In Memoriam

In loving memory of our dear husband and father, Emil Erickson, who passed away two years ago today, Feb. 5, 1947.

Days of sadness still come o'er us. Tears in silence often flow. For memory keeps you ever near us. Though you died two years ago.

In our hearts your memory lingers. Loving, tender, kind and true. There is not a day, dear father, That we do not think of you.

Memories are treasures no one can Death leaves a wound no one can heal. You're not forgotten, dear, nor shall you be.

As long as life and memories last We shall remember thee.

Sadly missed by wife and children, MRS. EMIL ERICKSON AND CHILDREN. 348-36-11

STATE OF MICHIGAN The Circuit Court for the County of Delta: In Chancery, Charles A. Reinwand, Plaintiff, vs. Marceline Reinwand, Defendant.

Suit pending in the Circuit Court for the County of Delta, in Chancery, on the 2nd day of December, D. 1948, for the sum of \$1,000.00, it appearing that the defendant, Marceline Reinwand, is not a resident of the State of Michigan, and that it cannot be ascertained in what state or country the defendant resides and that her last known post office address was Mrs. Marceline Reinwand, Nahma, Michigan.

Therefore, on motion of McGinn and Fitzharris, Attorneys for the Plaintiff in this cause, the sum of \$1,000.00, it appearing that the defendant, Marceline Reinwand, is not a resident of the State of Michigan, and that it cannot be ascertained in what state or country the defendant resides and that her last known post office address was Mrs. Marceline Reinwand, Nahma, Michigan.

Therefore, on motion of McGinn and Fitzharris, Attorneys for the Plaintiff in this cause, the sum of \$1,000.00, it appearing that the defendant, Marceline Reinwand, is not a resident of the State of Michigan, and that it cannot be ascertained in what state or country the defendant resides and that her last known post office address was Mrs. Marceline Reinwand, Nahma, Michigan.

Therefore, on motion of McGinn and Fitzharris, Attorneys for the Plaintiff in this cause, the sum of \$1,000.00, it appearing that the defendant, Marceline Reinwand, is not a resident of the State of Michigan, and that it cannot be ascertained in what state or country the defendant resides and that her last known post office address was Mrs. Marceline Reinwand, Nahma, Michigan.

Therefore, on motion of McGinn and Fitzharris, Attorneys for the Plaintiff in this cause, the sum of \$1,000.00, it appearing that the defendant, Marceline Reinwand, is not a resident of the State of Michigan, and that it cannot be ascertained in what state or country the defendant resides and that her last known post office address was Mrs. Marceline Reinwand, Nahma, Michigan.

Therefore, on motion of McGinn and Fitzharris, Attorneys for the Plaintiff in this cause, the sum of \$1,000.00, it appearing that the defendant, Marceline Reinwand, is not a resident of the State of Michigan, and that it cannot be ascertained in what state or country the defendant resides and that her last known post office address was Mrs. Marceline Reinwand, Nahma, Michigan.

BOWLING

If somebody starts talking to you about getting something the hard way, tell him to see Oliver Christiansen. The other night, Oliver started with three splits the first three frames, the 3-10, 5-6-10 and 3-9-10, and he cleaned them all up.

Later, in the same game, he picked up the 4-5-7 and wound up with a commendable 172. That is really doing it the hard way. Oliver bowls with the Escanaba Paper company league.

In case you notice Harry Needham sporting a new hat, don't be surprised. There's a reason for it. Harry rammed a 196-197-244-637 total in Escanaba Elks play. Nick "Eagle Eye" Deviley picked up the 4-10. With all members hitting over 500, the Elks Hasbeens spilled a 2599. Ed Moersch hit 501, Nick Deviley 530, Floyd Anuta 515, Phenix Benard 538 and John Boyle 515.

Besides Needham, other 200-plusplatters at the Elks were Greg Schneller 223, George Walter and Earl Flagstadt with 215 each, Mark Sabucco 208 and Merton Jensen 201.

Bill Vachon hit the high game of the week, a 267, the other night when he started off with six strikes and wound up with four in a row.

Some nice honor counts in Escanaba Women's Elks play. Edna Reynolds got 190, Arlene Peterson and Lucille Raack 188, Shirley Baker 187, Anne Schneller 183 and Annette Myers 181.

Can't some of you girls in the Rock Tuesday Rollers league dream up some sidelights for Helvie Johnson to send in. Would be nice!

High man of the week at Manistique BPOE was Archie Carpenter of Barnes' Service Station team with 235-202-186-643 and right behind him was Connie Graphos of Mercury Motors with 246-209-180-635. That's right nice chunking!

Pipe these BPOE 200-plusplatters: Harrison LaFoule 225, John Kelly 219, Carpenter (again) 214, R. G. Hentschell 214, Carl Carlson 211, Aleo Creighton 206, Ed Busch and Jack Martin 204 and E. J. Brenner 200.

Inland won the first half championship at BPOE Elks and Mercury was second.

Three others cracked the charmed 600 circle at 'Stique. Shake hands with Ossie Smits 234-194-182-610, Ed Busch 205-202-201-608 (Brother, that's consistency) and Malcolm Nelson 233-192-177-602. Honor count plunkers were Archie Carpenter 234, George Schweikert 222, Bill Moreau 219, Arvid Stoen 217, William Stephens 217, Malcolm Nelson 215, Harry LaFoule 204, John Girvin 203 and Harry Quick 201.

Earl H. LeBrasseur has a message for keglers of the Escanaba Paper company who will invade 'Stique Sunday. "Tell them we have no 'pie' alleys here," but writes in a jocular vein. "We think we are better golfers than they, but we KNOW we are better bowlers."

Incidentally, the U. P. Elks' bowling tournament will be held in Manistique from Feb. 12 until April 2, and Fred Hahne and his committee are working hard in preparation for same.

Ed Rudness, he of the jovial smile, sparked Escanaba Delta loop competition this week with a fine 223, and Charles Weber was only 10 sticks away with 213. Harold Meiers just got in under the wire with 201. Successful split artists were Ben Douglas 8-10, Les Sundquist 7-9, Charles Weber 4-7-8-10, Stan Ostman 3-10, Jim Douglas 5-7, Rudy Erickson and Al Ness 6-10.

Escanaba Elk women honor bowlers were Babe Bink with 180 and Elaine Morton 178. Pearl Schram made a spare out of the 5-7 and Eileen Bathke did likewise with 5-8-10. Just a breeze, they said!

Ken Olson topped Escanaba City league play with 230, followed by Cully Johnson 212 and Chuck and Harold Johnston with 201's. Cully added the 5-8-10 for good measure and Steve Fradd came through with the 4-10.

A big 206 helped Marion Peterson to a fine 509 series in Gladstone Women's Twilight league play, and other honor count bowlers were Judy White 179, Carol Sackerson 180 and Arlene Haggan 176. Split artists were Shirley Martin 5-8-10, Marcella Van Donsel 3-7-10 and Alice Creten 4-7-8-10. Add honor counts: Marion Peterson 202, Verma Verhamme 196, Margaret Cook 170 and Theresa VanMill 172.

Sara Sloan was the only one to make the honor roll this week. She did it with a 185. Successful split converters were Mary Masterson 10-10, Helen Burroughs 6-8-10, Carol Sackerson 5-8-10, Sara Sloan 7-5-10 and 5-10, Theresa Van Mill 5-7-9, Margaret Cook 5-7-8, Louise Peterson 5-7-10 and Vi LeBresh 7-8-10.

Gerry Korinek hit a fine 199 to lead the other Gladstone women's group this week, and Laverne Manson and Margaret Sampson were right proud of 164s. Anne Maki picked up the 6-7 and Margaret Sampson collected the 4-5-7.

Irving Johns provided some spice in the Gladstone classic when he picked up the 5-7 split twice, but the flag for the evening went to Ed Gravelle for his 212 and 200 counts. Art LeGault hit 202, Walt VanDeWege hit 205 and Johns collected 225.

In the Gladstone American, Clarence Carriere hit 203, Allan Gillis, Jr. 213, Eugene Verhamme 203-201 and the 4-6 split, Bill Curtis 203, Floyd Forville 216, Bernard LaPointe 205, E. R. Keil 224, Byron Skellenger 202, Mike O'Brien 208 and Henry VanMill 214.

Harold DuRoy hit a fine 181-199-225-605 honor count in Gladstone Holy Name. Two hundred plussers included Lloyd Morgan 204, Ray Wahowiak 200, Walt Van DeWege 201, John Wahowiak 214, Art LeGault 215, Ernest Wilfong 215.

King pin artists in the Gladstone Delta were Clarence Goodman 218, Cleve Krout 215, Donald Menard 202 and Tony Raspor 232, and in the Gladstone National, you can point with pride to Walter Olds 235, Jack Richards 220, Ernest Wilfong 212, A. Long 237, Alden Haglund 212 and John R. Olson 208.

Only one 200 was bowled in the Escanaba league in the last outing, and Walter Menard turned the trick by hitting it right on the nose. Jim O'Donnell had an unusual ladder scores of 144-154-164. Should have kept right on going. Bill Gerou, filling in for an absent leaguer, came through with a 230.

This is a little hard to believe but a story is going around the Birdseye Veneer plant that a Birdseye bowler had one 95 game the other night. We couldn't quite make out the name on the secretary's report—the lucky fellow!

If everybody could have Wes Hanson's luck, it would be nice bowling all the time. He bounced a pin off the back cushion to make the 6-7 split. Wow!

Fred Dawson TKOs Docusen, Eyes Go With Ike Williams

Chicago, Feb. 5 (P)—Freddie Dawson says he now would like to meet Ike Williams for the lightweight championship.

Dawson, 25-year-old Chicago slugger who has been boxing as pro and amateur a dozen years, has hit the big time.

He jumped into the No. 1 contender's spot of both the light and welterweight divisions last night by scoring a surprising sixth round technical knockout over rugged Bernard Docusen of New Orleans.

Docusen, the little Phillipino stylist who carried Robinson the 15-round distance in Chicago last summer, was stopped by Dawson's belting rights and lefts. It was his first fight TKO during 63 fights in a sparkling four year ring career.

Dawson, an 11-5 underdog, gave his 22-year-old for a terrific beating in the fourth round, sending him reeling into the ropes. But the dogged Docusen straightened out to exchange blows with

Try a for Rent Ad today

Dawson in the fifth and kept the crowd of 10,166 in Chicago Stadium cheering.

After the first two minutes of the sixth round, Dawson unleashed a sizzling two-fisted attack forcing Docusen to retreat. Then he caught him, dropping him for a nine count with a left to the chin. Docusen struggled up and Dawson charged in for the kill. Then referee Bernard Weissman ended the one-side fight.

Joe Louis Winds Up His Southern Tour

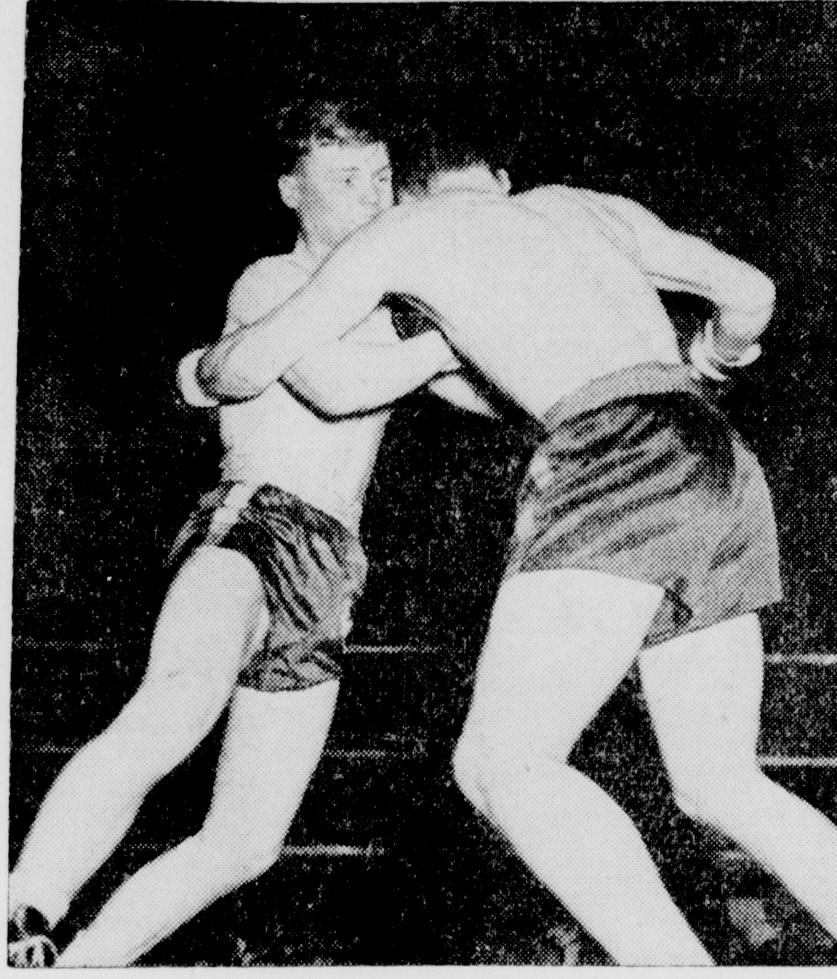

Savannah, Ga., Feb. 5 (P)—Joe Louis, world's heavyweight champion, boxed his thirteenth exhibition match last night in Savannah to close his Southern tour.

In the ring with the Brown Bomber was George Fitch, a former sparring partner. The four-round fight was all Louis' after Fitch tagged the champion with a couple of left jabs in the first round.

Louis was scheduled to go to Chicago today on business, but plans to return South in about two weeks.

On To Milwaukee!

ESCANABA WINNER—"On to Milwaukee" is the cry of the 16-man Upper Peninsula Golden Gloves team as it looks forward to the jaunt there next Tuesday for elimination and championship bouts Wednesday and Thursday. If every fighter makes the trip, it will mark the first time the U. P. has ever been represented by a full team. Typical of Golden Gloves action and spirit is this picture of Rod Lindstrom, Escanaba, right, winning a close and hard-fought decision from Paul Crawford, Manistique, in the finals of the 160 novice division here last Tuesday night. It was Lindstrom's aggressiveness in the second and third rounds that won him a close decision. He scored a knockout in his semifinal bout.

Major League Catching Is Due For A Big Lift

New York, Feb. 5 (P)—It looks as if the catching department in the major leagues is going to get a big lift this season.

Big league club owners, concerned over the scarcity of ranking receivers last year, have made a concentrated effort to bring up outstanding minor league backstops during the winter. No fewer than 33 new faces will be seen crouching behind the plate at the training camps this spring.

Last year was an exceptionally poor one for catchers. Only Bob Scheffing of the Chicago Cubs reached 300. Only six caught 100 or more games. The weakness in that department was manifested when Walker Cooper, out most of the season with an injury, was named the National League's All-Star receiver. Buddy Rosar, and the cream of the crop of minor league catchers.

Manager Charlie Grimm of the Cubs has such high regard for the invading bunch of mask-and-mitt men includes several who have failed to make the grade before but have found a new lease on life in the minors.

Among the veterans back for another chance are Ken Silvestri, Homer (Dixie) Howell, Joe Garagiola, Boris Martin, Hank Ruszynski and Ralph Houk.

Here is the way the teams probably will open the season behind the plate:

American League

Boston, Birdie Tebbets; Chicago, Joe Tipton; Cleveland, Jim Hegan; Detroit, Arno Robinson; New York, Gus Niarhos; Philadelphia, Buddy Rosar; St. Louis, Les Moss; Washington, Jake Early.

National League

Boston, Phil Masi; Brooklyn, Roy Campanella; Chicago, Bob Scheffing; Cincinnati, Ray Mueller; New York, Walker Cooper; Philadelphia, Andy Seminick; Pittsburgh, Clyde McCullough; St. Louis Del Rice.

The Cubs, Reds, Phillies and Tigers apparently have plucked the cream of the crop of minor league catchers.

Norway Nips Gladstone, 30-25

Powers Scares Stephenson But Eagles Triumph

Powers, Feb. 5—An underdog Powers high school quintet gave Stephenson's Eagles a big scare here last night in a bangup nip-and-tuck game in which the issue was in doubt until the final whistle, but the Eagles finally came through by a 38-36 count.

Big George Peterson scored 29 of Stephenson's 38 points on eight field goals and 13 out of 16 charity tosses. The Eagles held a slim 12-11 lead at the quarter and a 20-19 lead at halftime. Powers came back to take a 31-30 lead going into the fourth quarter, but the Eagles' 6-3 edge in the finale was enough for a two-point triumph.

In the preliminary, Stephenson Bees triumphed, 33-22.

Summary:

| | FG | F | FM | PF |

21 Golfers Bunched In Fast Tucson Open

Tucson, Ariz., Feb. 5 (AP)—Twenty one golfers are bunched within six strokes of a pair of leaders today at the start of the third round of the \$10,000 Tucson open.

Lloyd Mangrum, Chicago, the pro, and Skee Riegel, Tulsa, Okla., the amateur, are out in front. They have 36-hole totals of 130 because they remained unperturbed when key putts stopped on the rim.

The pro missed a two and a half footer. The amateur shrugged off an inch miss on the 18th. If either had dropped the men would have equalled the 36-hole record of 129 for the 6500 yard par 70 El Rio Country club layout.

Mangrum is shooting for \$2,000 cash. Riegel can win a silver plate.

The field was cut to 94 today. Forty-one of them have bettered par for 36 holes.

Nahma led most of the way by seven to 10 points and held a five-point lead with three minutes of play. It was Pieropon who came through with two baskets in the last 50 seconds and then the free throw that gave Hermansville a one-point win. His contribution for the evening was 20 points.

In the preliminary, Hermansville Bees tipped Nahma reserves, 33-29, in the overtime.

Gladstone Independent Fives Divide Twin Bill

Gladstone, Feb. 5—Local independent basketball teams divided a twin bill here, the Legion beating the Cox Chevs. of Munising, 51-46, while the Lions were being nosed by the Escanaba VFW, 50-47.

Charley Lundmark, who dropped in eight buckets and three charity tosses for 19 points, paced the Legion in their victory. Steinhoff forward, on the Munising five, had 16 points.

Don Pofenbauer and Phil Brazeau handled the games.

Cretens Hits 13 Points For Braves' Quint

Norway, Feb. 5—Trailing by a narrow margin all the way, the Gladstone Braves, who have been blowing somewhat hot and cold this season, wound up on the short end of a 30-25 count against the Norway quintet here last night.

Lanky Phil Cretens, Gladstone center, had a good night, chunking in 13 points on five field goals and three free throws, but his efforts weren't enough to offset the attack of a well-balanced home five.

The Vikings took a 9-6 lead at the quarter, an 18-15 lead at half-time and stretched it to 26-20 going into the finale. Devine led Norway with 10 counters.

RISK CAPITAL SCARED AWAY

Outlook For Profits Is Too Uncertain Now

By ROGER W. BABSON

Babson Park, Fla.—Mr. Ghandi, rest his soul, advocated a return to the spinning wheel because "machines kill jobs." Without machines, our unrivaled living standards in this country would be totally impossible.

In the last seventy-five years our workers have become more and more productive. Today they produce four times as much goods as they did then. When Abe Lincoln was a boy, about 79 per cent of our productive energy was supplied by animals, 15 per cent by humans, and 6 per cent by mechanical means. Today only 3 per cent is supplied by animals and 2 per cent by humans. Whereas, the machine does 95 per cent of our work for us!

The thought that mechanization is the root of all evil is as old fashioned as grandpa's six-shooter in an atomic age. The key to our high standard of living is increased character, intelligence and productivity through mechanization. The results: shorter working hours, more take-home pay, vacations with pay, social security and a standard-of-living that has Joe Stalin scared to death.

Conditions Favoring Growth
In order for any of God's creatures—plants, animals, or humans—to prosper and develop fully, they need the right environment and the right food. Industrial America burst into bud and blossomed forth in the last one hundred years because it had the right food and the right environment. Surely, we have abundant resources; but so has Russia. What we have had that Russia has lacked has been a religious, political and economic environment which encouraged risk-taking. This combined system has encouraged and made possible the venture capital to harness the mechanical energy which put money and men to work.

Don't blame the next depression on machines. Blame it on men. The machines are working all right. All they need is a constant tuning up in keeping with the times. But both the men owning and those operating these machines must constantly work for the good of the world as a whole and not for any one selfish group.

Increased Production Needed
There is as great a need for capital investment today as there was when I was a boy. We could readily invest fifty billion dollars over the next decade in industrial modernization. We need to put another fifty billion into housing in order to bring our housing program up to decent standards. We could easily use many billions for streets and highways. There is certainly a need, therefore, for increased savings. These are possible only with lower taxes.

Projected studies indicate that future income will be quite adequate to absorb increased production schedules. In order, therefore, to increase our production capacity, we need considerably more venture capital. By 1950-55, our consumer market will be better than double 1929's—or, after taxes and savings, about one hundred and fifteen to one hundred and twenty billion left to spend. The money is, therefore, there for goods and services. The resources are there. Why, therefore, do we hesitate?

Good Business Up To Truman
Venture capital is being scared away. The outlook for profits is uncertain. Investors are timid. They fear an unfair deal by Congress. Spotty capital investment contributes to retarded production and cause unemployment. Only with fair taxes, fair wages and fair profits, is it possible to plow back into the business sufficient funds to keep new construction and current production rising and to cause costs to go down. If our great America is to forge ahead, we need to create the proper environment for its growth. This means encouraging venture capital—not taxing it to death. Let us hope that President Truman realizes this basic economic fact.

Senate Filibuster Fight Kent Alive
By Dixie Democrats

Washington, Feb. 5 (P)—Southern Democrats appeared today to have won an early round in their battle to keep Senate filibusters alive.

Even before party leaders called all Senate Democrats into a caucus there were signs the Dixie members had the upper hand in a fight to prevent Senate action Monday on a filibuster-killing rule change.

Senator Knowland (R-Calif.) had sought to take away from the rules committee and put directly on the Senate's calendar a resolution under which two-thirds of the members could gag debate at any time.

As the rules now stand, southerners can talk as long as they want against a motion to take up a bill. Since the present debate-ending rule can be applied only after a bill actually gets before the Senate, southerners have used the loophole in the past to block action on President Truman's civil rights program.

Senate Filibuster Fight Kent Alive
By Dixie Democrats

Washington, Feb. 5 (P)—Southern Democrats appeared today to have won an early round in their battle to keep Senate filibusters alive.

Even before party leaders called all Senate Democrats into a caucus there were signs the Dixie members had the upper hand in a fight to prevent Senate action Monday on a filibuster-killing rule change.

Senator Knowland (R-Calif.) had sought to take away from the rules committee and put directly on the Senate's calendar a resolution under which two-thirds of the members could gag debate at any time.

The experience of the Federal Office of Vocational Rehabilitation has also shown how rehabilitation pays off economically. During 1944, 43,997 persons underwent rehabilitation under the joint federal-state vocational rehabilitation programs. Of this group, 22 per cent had never held jobs, and 90 per cent were not employed at the time they started their rehabilitation. Their aver-

age annual wage after rehabilitation was \$1768, as compared with \$148 before. Many had been on public assistance at a cost of \$300 to \$500 annually, but the cost of their rehabilitation was \$238 per case.
